

# Play & Make Music

Enhance your child's motor, social, language, cognitive and motivational skills at this class that focuses on all domains of child development by combining music & play. Come with your child and experience the learning powers of music through the use of rhythm instruments, puppets, song & creative movement. Introduce your child to the challenges of **Novi's largest indoor playground**, including balance beams, climbing structures, and kid sized trampoline. All classes are age appropriate and taught by an experienced instructor at the Total Sports Complex Novi, 41550 Grand River.

## Mini Macs (10-18 months old with adult)

Toddlers and their parents split time between our indoor playground & developmental group activities. Toddlers can explore freely and direct their own play. With your support your child will also enjoy playing instruments, learning rhythm and movement. Favorite activities include "Parachute Merry-go-Round" and Bubble time to classical music.

## Toddler Twist (18 -30 months old with adult)

Growing toddlers will enjoy open play on the indoor playground where they can run, jump, slide, and play freely. Children sing, play rhythm instruments, and move to the music during structured music time that is focused on improving their ability to concentrate, follow teacher's instructions, & grow upon skills each week. We have fun playing "Parachute Merry-go Round" and having bubble time while listening to classical music.
